

ENVIRONMENTAL, SAFETY, HEALTH and QUALITY POLICY
Sarasota, FL Manufacturing Plant

It is the policy of CYRO Industries to provide the highest quality products for its customers and to conduct its business in an ethical, lawful and socially responsible manner at all times.

In order to promote sustainable development and provide a safe, secure, and healthful environment for our employees, our customers, our neighbors and our community, we will implement systems to achieve established objectives and targets. We will strive to continually improve our systems, to prevent pollution and to maintain compliance with all legal and regulatory requirements, as well as related corporate requirements such as the Guiding Principles of Responsible Care®.
